

## Europlanet Range

	Grade II	Grade III	Grade IV
Suggested overnight cash insurance rating	£17500	£35000	£60000

Chubb Safes' unique Ellox range of barrier material provides lighter weight safes, whilst still offering the ultimate level of protection for the Europlanet range. Ellox is polymer reinforced with near diamond-hard nuggets, offering a high level of attack resistance. Europlanet safes are particularly suitable where floor loading capacities are limited but a high level of security is still required. The distinctive Europlanet design blends with both traditional and modern decor.

The Chubb Safes Europlanet range successfully passed every test required in each security grade and is certified by leading authorities such as Verband der Sachversicherer (Vds).

### Security features include:

- A comprehensive range of sizes available in three security levels
- Key and / or combination locking
- Electronic, time and time delay locks available
- Modular boltwork design
- Relocking devices fitted on all grades
- All safes prepared for secure anchoring to floors
