SENATOR.....

....a high quality cash safe

Are you looking for a high quality safe which can be insured for cash up to the value of £3,000 or £4,000? Well, the Senator does just that. Available in two models, each incorporating five sizes, the Senator includes a wide range of quality features whilst providing fire protection of 30 minutes. The quality features all combine to provide a durable and reliable product for cash protection.

KEY FEATURES

- A quality cash safe using highly reliable materials.
- Recommended cash rating of **£3000** and **£4000** for the Senator 3000 and the Senator 4000 respectively.
- Offers **30 minutes** fire protection for documents. Tested to British Standard BS476.
- Manufactured to an ISO9002 accredited quality assured process.
- Tested to Loss Prevention Certification Board standard LPCB 1228.
- Comes with fittings of shelf and drawer as standard (please note some sizes may not include certain fittings).

QUALITY FEATURES

FIRE RESISTANCE

Offers **30 minutes** fire protection for documents. Tested to British Standard BS476.

Intumescent seals expand when heated to prevent the ingress of flame and smoke should the safe be exposed to fire.

LOCKING

The Senator range is secured by a single, high security, double bitted keylock as standard. The option of a single mechanical or electronic combination lock in lieu of the keylock is available.

BODY AND BARRIER

The entire body has an effective barrier thickness of 65mm. It is made up of an inner and outer body of steel encasing a Chubb safes high density barrier material.

DOOR

The door is constructed from a 10mm steel plate with additional protection over the locking cover.

BOLTWORK

Moving, 28.5 mm diameter, solid steel bolts on the front edge of the door engage securely into the safe body. Fixed bolts on the rear edge of the door locate behind a solid rebate bar and secure the rear of the door into the body of the safe.

The boltwork is further protected by an anti-explosion device to ensure bolts remain firmly in place should an attack on the lock occur.

BASE FIXING

A steel bush is welded in the safe base to accept a Chubb-specified high tensile, heavy duty anchor bolt.

CASH RATING*

Recommended **£3000** and **£4000** cash rating for the Senator 3000 and Senator 4000 respectively. Approved by the Association of Burglary Insurance Surveyors.

DOOR

DESIGN FEATURES

SIZE

Each of the Senator models is available in five sizes.

FINISH

The safe is finished in a light grey texture. Escutcheons, combination dials, keypad and handle are finished in black.

STANDARD FITTINGS

Comes with fittings of shelf and drawer as standard. Please note, some sizes may not include certain fittings. For example, the Senator 3000 model includes a shelf as standard in all sizes except size 1. However, the Senator 3000 does not accept a drawer in any of its sizes (Please check technical information overleaf for full details).

DESIGN

Attractive design with Chubb Safes handle for comfortable and smooth operation

LOCKABLE DRAWER

* Cash rating is the amount an insurance company will allow the safe to store overnight. As a general rule, this rating is multiplied by a factor of 10 for jewellery so a Senator 3000 with a cash rating of £3000 will allow for storage of jewellery worth £30,000 in domestic situations.

TECHNICAL SPECIFICATION

Model	External dimensions (mm)			Internal dimensions (mm)			Internal vol (litres)	Weight (kg)	No. of moving bolts	Fittings		Fire protection (mins)	Cash rating
	Height	Width	Depth*	Height	Width	Depth				Shelf	Drawer		
Senator 3000													
Size 1	400	500	475	270	370	320	32	185	2			30	£3000
